Concepele personalizate va ofera libertatea de a alege dimensiuni, forme și culori care se potrivesc perfect spatiului si stilului de amenajare dorit.

Lavuarul si mobilierul sunt create pe comanda pentru a se integra perfect în spatiul baii, reflectand in acelasi timp preferintele personale. Aceasta flexibilitate va permite sa creati un ambient functional, cu design unic.

Modelele standard de mobilier cu lavoar au dimensiuni fixe, fiind soluții rapide si eficiente de amenajare. Acestea sunt proiectate pentru a oferi functionalitate maxima, fara a necesita personalizari suplimentare.

Aceste concepte sunt versatile si se potrivesc in variate configuratii de spatiu.
